## TESTING

### Let us help you succeed.

Have you ever wondered if your child has a learning disability, what career is best for you, the right way to communicate to your spouse, or if you're truly depressed? Get to know how the mind works through psychological testing. At MindWorks Testing, we provide comprehensive psychological assessments for both children and adults to help you and your family succeed socially, mentally and academically.

### We offer quality testing for:

- Gifted and Talented
- Learning Disabilities (for 504 Accommodations)
- Career Development
- Test Taking Anxiety
- Developmental Delays
- Cognitive Delays
- ADD and ADHD
- Depression/Anxiety
- Substance Abuse
- IQ (Intelligence)
- Personality Traits

### Learning Curve.

Parents, we can help you discover if your child has a learning disability, is ADHD or needs to be in a Gifted and Talented (GT) program. Many schools have a long waiting list for testing services, so consider MindWorks Testing to help get your student in the right class.

A program of Krist Samaritan Center for Counseling and Education, MindWorks Testing pairs high-quality tests with the outstanding counseling the center has provided since 1986. As a not-for-profit, faith-based organization, the center has served more than 33,000 families in 21 office locations throughout the Houston and Galveston area.
